

A Trauma Informed Approach Virtual Presentation

Join us for a transformative session on embracing a Trauma Informed Approach. Discover why understanding trauma is crucial, exploring the prevalence of adverse childhood experiences and their consequences. Learn what it means to be trauma informed, leveraging insights from neuroscience and genetics to enhance safety, improve outcomes, and implement this approach in both personal and organizational contexts. Don't miss out on this opportunity to create positive change! This is not a series. This training is the same session repeated monthly. FREE: 1.5 CEUs for LSW/LCSW, LPC/LCPC, and Psychologists (IAODAPCA included)

Gary Rukin, LPC, MA, MS
The Trauma-Informed Coordinator for
the McHenry County Mental Health
Board
