This group is not twelve- step based, not religious based and not intended to provide relationship advice or treatment. It is a safe, non-judgmental space where discussions are guided by a licensed clinical social worker with over twenty years of experience in the field. Group focus is on women supporting other women in their healing journeys through personal recovery work, processing emotions, building resiliency and creating a vision of hope.

This group is held in a private setting in Crystal Lake, and is limited to six participants.
